Construction Notice

Michels Paving, is scheduled to start concrete paving operations on the roadway in front of your residence on Monday, August 16, 2010. If your driveway abuts W. Wisconsin Ave. on the south side of the roadway between Concord Road and Blain Street, please have your vehicles out of your driveway by **7:00AM Monday Morning.** We are asking you to please park your vehicle(s) on an adjacent side street while this process is taking place for the hours of 6:15AM to 7:15PM. You may park your vehicle(s) on the new pavement on the north side of the roadway in front of your residence next to the curb and gutter from the hours of 7:15PM to 6:15AM. Please put a note on your dash with a name and telephone number in case your vehicle is in the way. Be very conscious that your vehicle(s) do not block the roadway for police and fire. At the same time that concrete pavement will be installed, we will also be pouring sidewalk the north side of W. Wisconsin Ave. If you park on the new north side concrete pavement between the hours of 6:15AM and 7:15PM it will cause delays to the schedule. We anticipate access to your driveway will be restored within 7 to 10 days after concrete is placed. This will be the first of three scheduled interruption to your driveway for the project.

We apologize in advance for any inconvenience this may cause. The above is subject to change due to weather.

If you have any questions, please feel free to call Scott Tease, Project Manager, at 920-901-8713 or stease@michels.us

Thank you for your cooperation in this matter.
